

Bella Vista Training Center is proud to host

"2 Mini Seminars" with *Lisa Bonker*

**FRIDAY
FEBRUARY 17, 2012**

**Bella Vista Training Center
730 Mt. Airy Road,
Lewisberry, PA 17339
www.bvtrainingcenter.com**

Lisa Bonker has been active in agility for over 10 years. She is a NADAC certified Clinician and gives seminars across the continent. Lisa hosts over 15 NADAC Trials yearly as *In The Zone Agility* and *In The Zone Agility of Illinois*. Lisa has won the NADAC Championships six years in a row with three different dogs. Her dogs are consistently in the NADAC Top 10 with Jet being the Highest Scoring Skilled Dog in 2007 and Moxie the Highest Scoring Skilled Dog in 2008. Moxie and Expedite have also earned six NADAC Platinum Speed Star Awards. Lisa and her dogs have earned over 50 MEDALS/NATCHs. A complete list of Lisa's accomplishments is on her website at: <http://inthezoneagility.com/accomplish.html>

Lisa currently has six dogs – four Border Collies, an Aussie, and a Boston Terrier Mix, two of which are rescues. Two of Lisa's dogs fall into the double digit category and two of them are just starting out their agility careers. Lisa's dogs cover a wide spectrum; from soft to hard, slow to fast and pre-novice to multiple championships. This allows Lisa to bring real life experiences into her training. The core of which is good foundation training, motivation and consistent, clear handling all in a fun positive way.

Morning Seminar (9 AM to Noon): "FOCUS, MOTIVATION and TOY PLAY" This workshop will cover focus, motivation and toy play. Even if your dog does not currently play with toys we will introduce different training aids (toys, balls, food tube etc) that can be used to motivate and reward your dog during training. We will use many training aids, including food tubes, balls and targets to effectively teach stays, self control and drive as well as gaining distance with your dog. We will work on fun short exercises that will help your dog be more focused on you and agility. All levels of dogs will benefit from this workshop

Afternoon Seminar (1-4 PM): "FOUNDATION FOR DISTANCE" This seminar will focus on the foundation skills necessary to be successful working away from your dog. Whether it is 10 feet or 100 feet, strong foundation skills are imperative for good distance control. Topics: Directionals (GO, HERE, SWITCH, OUT, IN), discriminations and other foundation skills as well understanding the importance of being crisp, clear, calm and consistent with your handling while pushing for distance. All levels of teams are welcome - beginner teams that need to learn these skills and more advanced teams that need a "tune-up" or would like to push for more distance.
